WINEMAKING

Winemaking note

Fruit was harvested from 25 year old vines in an exceptional vineyard site in the Grampians on the 12th April 2021. The vineyards are situated on granitic sand and rock, which give the wine notable terroir. Tonnages were kept low, (approximately 1.5tonnes/acre) to allow for maximum quality and flavour. The must was placed in small open pot fermenters and allowed to ferment naturally. The pots were then hand plunged every 8 hours for the duration of the ferment. Once the ferment was dry, the resulting wine was pressed off the skins and given time to settle before allowing a natural secondary fermentation to commence. Separate parcels of the wine spent 24 months in French oak puncheons, after which the final blending of select parcels took place.
