WINEMAKING

Winemaking note

Fruit for the Laneway Shiraz was harvested from select vineyard sites within Central Victoria. The must was fermented in static red fermenters and pumped over every eight hours for the ferment's duration. Once the ferment was dry, the resulting wine was pressed off the skins with a natural secondary fermentation encouraged to commence.

The separate parcels of wine were aged on French oak staves for 12 months followed by tasting and blending to select the best parcels which made it into the final wine.

The result is a wonderfully rich and complex wine brought together with a nice hint of spice.

Varietal composition 100% Shiraz

Alcohol 14.5%
