WINEMAKING

Winemaking note

The grapes for this Cabernet Merlot were picked and crushed during the cool of night, thus ensuring the retention of varietal character. Modern winemaking techniques were employed throughout, all of which help to create the signature McPherson style. Fermentation took place in sweeping arm red fermenters, giving the wine a denser, richer colour and allowing for gentle flavour extraction. Softer tannins are also a result of this process, an important feature of the McPherson Cabernet Merlot style. Oak for this wine was predominately French oak and this wine was aged on oak for approximately 6 months, giving the wine a noticeable, but not excessive oak influence.

Varietal composition 60% Cabernet Sauvignon and 40% Merlot

Alcohol 14.5%
