WINEMAKING

Winemaking note

Fruit for our Three Vineyards Sauvignon Blanc was harvested from three vineyard sites, each adding a different dimension to the final blend. Each vineyard parcel of wine was separately fermented using different fermentation yeasts to bring extra complexity to the wine. Final blending of the three vineyard wine is where the much of the magic takes place - each component chosen for its ability to elevate the final blend, making a beautifully balanced, easy drinking, delicious combination of parcels grown in three of our best vineyards.
